

ABC's of Medicare

Medicare can be confusing. There are many different parts and you need to do your homework so you can choose the option that's right for you. Your Personal Health Advocate can walk you through the choices, clearly explaining the coverage and costs of each. We can also help your parents and parents-in-law with Medicare decisions.

Understanding the Plan

- Clarify "Original" Medicare. This includes **Part A** (covers hospital costs) and **Part B** (covers doctor visits, other "medically necessary" services)
- Educate about Medicare Advantage plans (**Part C**), and how they compare to Original Medicare
- Discuss Medicare **Part D** prescription drug plans

We Will Give You Guidance

- Review all the parts of Medicare. Medicare is not free! Learn about the deductibles, coinsurance, co-pays and premiums that may apply
- Research Medigap plans, which supplement Original Medicare coverage
- Alert you to enrollment deadlines to avoid penalties

- Explain how Medicare works with your employer's or spouse's health benefits
- Locate Medicare-participating physicians
