

No matter where you're headed, stay informed with

**Assist Alerts**

and

**The Traveler Newsletter**

from

**Assist America.**

## Assist Alerts

When there is urgent or topical information regarding travel that will affect our members, Assist America will issue an email alert. These are sent very infrequently, and limited to instances in which we can provide usable, focused and pertinent information not featured prominently in traditional media.

## The Traveler

Assist America produces a quarterly e-newsletter that features timely articles in the areas of security, health and travel. There is even a case story from our own files.

To receive Assist Alerts and The Traveler Newsletter, please visit [www.assistamerica.com](http://www.assistamerica.com) and enter your name and email address under our **Newsletter and Alerts Sign Up** section at the bottom of the home page.
