You will need a valid email address and some general information to get started. You will not need your policy number to submit a claim, nor will you need to create an account login and password. Depending on which type of claim you are submitting, you should be ready to provide information such as:

Your Name / Address / Gender / Date of Birth / Phone / SS #    Your Employer Name / Address    Your Injury/Condition  
Physician or medical provider information  
Whether or not to withhold taxes from your benefit payments

After we receive your claim submission, a Reliance Standard Claims Examiner will contact you promptly to verify and gather any additional information needed to make a decision. Then we can discuss your plan/benefit coverages and next steps.
