

CHOICE. CONVENIENCE. CONTROL.

Cigna Telehealth Connection gives your employees more of what they're looking for.

Good news. Now, most Cigna medical plans provide covered employees with access to two telehealth services American Well (Amwell) and MDLIVE. We call it Cigna Telehealth Connection, telehealth services designed to offer employees greater control when they need to see a doctor.

With Cigna Telehealth Connection, employees can get the care they need – including most prescriptions – for a wide range of minor conditions. They can connect with a board-certified doctor when, where and how it works best for them – via video or phone – without having to leave home or work.

Choose when: Day or night, weekdays, weekends and holidays.

Choose where: Home, work or on the go.

Choose how: Phone or video chat.

Choose who: Amwell or MDLIVE doctors.

Amwell and MDLIVE televisits can be a cost-effective alternative to a convenience care clinic or urgent care center, and cost less than going to the emergency room. Costs are the same or less than a visit with a primary care provider. Giving employees an easy-to-use and cost effective alternative to care can help reduce costs and non-urgent ER visits.

We encourage you to have your employees register for one or both services, so they're ready when and if they need care.

Tell your employees about Cigna Telehealth Connection, so they'll be ready whenever they need these services.

Amwell and MDLIVE are independent companies/entities and are not affiliated with Cigna. The services and websites are provided exclusively by Amwell and MDLIVE and not by Cigna. Providers are solely responsible for any treatment provided. Not all providers have video chat capabilities. Video chat is not available in all areas. Amwell/MDLIVE services are separate from your health plan's provider network. Telehealth services may not be available to all plan types. A Primary Care Provider referral is not required for Amwell/MDLIVE services.

In general, to be covered by your plan, services must be medically necessary and used for the diagnosis or treatment of a covered condition. Not all prescription drugs are covered. All group health insurance policies and health benefit plans contain exclusions and limitations. See your plan materials for costs and details of coverage, including other telehealth/telemedicine benefits that may be available under your specific health plan.
