

# Is Original Medicare enough?

It's important to note that Original Medicare only covers 80% of your hospital and doctor visits. Therefore, it's crucial to compare different secondary insurance options to find the best fit for your individual needs. Medicare offers two choices for secondary insurance coverage: Medicare Supplement and Medicare Advantage.

Join us for this month's SmartConnect mini webinar, where we will discuss the differences between Medicare Supplement and Medicare Advantage style of coverage options.
